

Name of Company Kaiming Agro Processing Ltd
Address Lot 1 Naitata Road, Navua, Fiji

Background

Kaiming Agro are one of the world's leading suppliers of ginger. In 2005 the company began producing safe and good quality ginger. Their first consignment was exported in 2006. The factory stands on the bank of the beautiful Navua River with close proximity to Fiji's capital city, Suva.

Our ginger is sourced from small farmers all over Fiji whose livelihoods depend on having a market for their produce. The income they earn by supplying us with ginger is a significant contributor to the wellbeing of their families and also the upkeep of their rural communities. Zing Fiji Ginger provides employment to over 100 people who are mostly from close rural communities and we are very proud of our low staff turnover (2%) and modern worker-friendly environment.

Trading brand name as Zing Fiji Ginger, which is a family oriented ginger processing company offers a range of quality ginger products including crystallized, pureed, glace and juice.

Products

ZING Fiji Ginger puts a strong emphasis on quality and professional standards in our environmental monitoring, processing, food safety and compliance. Each of our products is customised to the individual specifications of each customer or market. Government regulatory authorities inspect and monitor our processes for compliance with health and safety, and export market access requirements.

Kaiming Agro produces Crystallized ginger, glace ginger, Pickled Sushi ginger, Pureed ginger and Ginger juice.

Current Markets: USA, Canada, Australia, NZ, Germany and UK

Interest in New Markets: Singapore, Japan
