

B O R A B O R A

Sea Salt

**A WONDERFUL GIFT OF THE OCEAN COMES
FROM PROBABLY THE MOST BEAUTIFUL
ISLAND IN THIS WORLD.**

Gently formed by the Polynesian Mara'amu wind.
Smoothly dried by the South Pacific sun.
Carefully and lovingly sorted by hand.

**BORA BORA SEA SALT. 100% NATURAL, 100% BORA BORA.
BORA BORA SEA SALT. A PINCH OF SOUTH SEA MAGIC!**

The Ceramic Jar

This precious gift is safely stored and kept in custom-made ceramic salt chambers just waiting to lend a touch of exotic seasoning to many culinary creations.

It is available in 4 flavors:

Pure, Tahitian Vanilla, Ginger and Curcuma, Coconut

Single Gift Box

Our single gift box set has been on the market and a popular gift for several years.

The box can be personalized with your favorite flavor: pure, Tahitian vanilla, Polynesian ginger&curcuma and coconut. It includes a glass vial of ginger turmeric salt, an engraved mother-of-pearl spoon and a brochure.

Double Gift Box

Our double gift box can be personalized with two of your favorite flavors: pure, Tahitian vanilla, Polynesian ginger&curcuma, coconut.

Each glass bottle is accompanied by a mother-of-pearl spoon engraved with Bora Bora. It's the perfect gift for anyone who loves to cook and explore new flavors.

The Ultimate Gift Collection

This beautiful gift set can be customized with 3 of our 4 salt flavors (Pure, Tahitian Vanilla, Polynesian Ginger & Curcuma and Coconut) which is presented in a ceramic chamber and displayed in an elegant gift box.

Enzyme Peel powder with Bora Bora Sea Salt

We offer the worldwide first cosmetic product with Bora Bora Sea Salt. We cooperate with the well-known Swiss company Cell Premium. Cell Premium is a worldwide company known as one of the best Swiss cosmetic products.

The icon enzyme peel powder provides your skin with an antiaging cocktail containing PhytoCellTec forte which is made from active plant-based stem cells.

Thanks to a special molecular filtration process developed in Switzerland, these products contain five times more plant stem cells than conventional stem cells products.

When emulsified with water, the powder produces a micro fine peeling foam with small grains of the rare and pure Bora Bora Sea Salt which removes cornifications, reduces impurities, optimally encourages natural skin renewal and improves the skin's firmness and suppleness.

It all began in 2013 on a small island in the beautiful lagoon of Bora Bora.

For many years Bora Bora Sea Salt has been used by the best hotels and restaurants in Bora Bora and is a popular gift for tourists. Since 2020 Bora Bora Sea Salt, exports globally and is available worldwide in selected stores or our online shop.
