Sea Salt

A PINCH OF SOUTH SEA MAGIC

This wonderful gift of the ocean comes from probably the most beautiful island in the world.

Gently formed by the Polynesian Mara'amu wind. Smoothly dried by the South Pacific sun. Carefully and lovingly sorted by hand.

IT ALL BEGAN IN 2013 ON A SMALL ISLAND IN BORA BORA

Nowadays the production site is located on Motu Temahu (small island Temahu) in the beautiful lagoon of Bora Bora.

The salt water is being drawn from far in the clean ocean. The next civilization is thousands of kilometers away which means that the water is extremely clean and pure and therefore the salt is also. It contains a lot of minerals and trace elements that are essential for the human body.

100% NATURAL, 100% BORA BORA

Bora Bora Sea Salt is produced by a local family who live next to the sea salt production and always monitor it's quality.

Bora Bora Sea Salt is 100% natural, artisanal and is harvested and selected by hand. Bora Bora Sea Salt is HACCP (Hazard Analysis and Critical Control Points) certified.

A WONDERFUL GIFT OF THE OCEAN

Bora Bora Sea Salt is available as a pure salt or it can be blended with Tahitian vanilla, Polynesian ginger & curcuma or coconut.

All ingredients are produced locally and are 100% organic and natural. This exotic condiment will be perfect to give a unique touch to many culinary creations. Bora Bora Sea Salt is safely stored in custom-made ceramic salt jars and is presented in beautiful gift boxes which are a popular present for family, friends, and clients for any occasion.

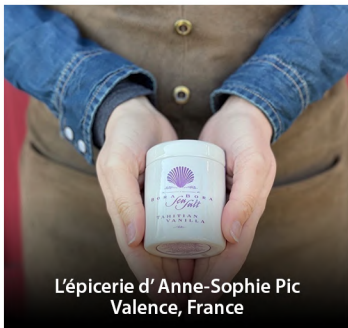

A PINCH OF SOUTH SEA MAGIC FROM BORA BORA

For many years, Bora Bora Sea Salt has been used by the best hotels and finest restaurants in Bora Bora such as Four Seasons, St. Regis Hotel, InterContinental Bora Bora Resort & Thalasso Spa and Conrad Hotel.

Bora Bora Sea Salt is a partner of the National Airline from French Polynesia: Air Tahiti Nui.
