**SOLOMON ISLANDS**
**MINISTRY OF CULTURE AND TOURISM**

**PASSENGER REQUIREMENTS FOR TRAVEL TO SOLOMON ISLANDS**

All travelers to Solomon Islands above 13 years old, regardless of nationality, must present an approved Solomon Travel Authorization (STA) to be allowed to travel to Solomon Islands. This is not compulsory for Solomon Island Citizens or PR Holders but we encourage all to apply.

An approved SI-TA is adequate proof that the traveler has satisfied all health requirements and Immigration Requirements for travel to Solomon Islands, such as a valid COVID Vaccination certificate including a Visa in cases of Work or Business Travel.

Check-in and Boarding Airline Agents only need to verify that travelers are in possession of an approved Solomon Travel Authorisation and cross-check the passenger's name against the traveler's passport. Agents should not check for vaccination certificates as this was previously done.

**Below are examples of the STA:**

**PRINTED/PDF  VERSION**          **ON MOBILE DEVICE**          **APPLE WALLET**

TAs can easily be verified by scanning the TA using the free "t-validator" app on smartphones

T-Validator on the App Store │ T-Validator - Apps on Google Play

**HOW DO TRAVELERS APPLY?**

Travelers can apply up to one week before their departing flight via the website **https://solomons.govtas.com** or the mobile app **"Solomon Travel Authorization"** available on Apple and Google app stores.

**LAST MINUTE "IN AIRPORT" APPLICATIONS**

An expedited processing service is available by selecting "EXPEDITED" at the time of payment and paying an extra fee. Approvals are made within 20-30 minutes.

**FURTHER SUPPORT**

For any additional support locating, verifying or applying for a TA please contact the Solomon Island Travel Authorization team directly:

- **Live Chat:** tawk.to/solomon (Available 24/7)
